

Please don't interfere with XM radio's new services regarding traffic and weather channels. Keep the government out of it. This is a true benefit and why in the world would you try to disallow it. Protectionism is dead. Please give us the freedom and ability to listen to what we want to listen to. I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide this kind of programming
